

CLEVER PERSONAL INVESTMENTS

LEARN ABOUT THE OPERATION OF THE FINANCIAL MARKETS
AS INVESTMENT VEHICLES

ONE DAY COURSE

Seminary description:

It's a course designed for any person interested in investments. It teaches them how the financial markets work and how can they use them to achieve certain financial goals.

Regardless of your profession, you will learn the operation of many financial instruments and the markets in which they operate. This allows you to know the pros and cons of each one of them as well as the risks, rewards and costs so you can use them to obtain some benefits in your specific investment plan.

The content to explore in the course will be:

- The financial market as an investment vehicle
- Who participates?
- Financial instruments
- Basic financial mathematics
- Stock market
- Fixed incomes markets
- Derivative products markets
- Investment plan elaboration

Each participant receives:

1. An intensive and interactive 8 hours course
2. Detailed manual of the contents
3. Interaction with the exponents and other participants
4. Session of questions and answers
